Attended Hobart Clubs and Societies Day – thanks to the TUSA team for having me down South again.

Student matters resolved = 1 referral to Student Advocate Team.

Working with on campus partners to enhance engagement (SPURS) and with stakeholders (NSW Ambulance) to ensure career development opportunities for second year cohort.

Looking forward to getting started on FRAC and will report back to SC.

Working on DUS Paramedicine issue – ongoing – Kt and Liam are in the loop.

I hope this report finds everyone well.
