### Narrative update:

June/July has been a productive period on campus. Improved security presence has stagnated, I am still pushing for increased security presence on campus. I have been advocating for 24 Hour on CC Campus. This month has been approached with an eye for security improvement and student welcoming strategies as CC students from out of area have been left behind with no extra supports being offered for commencing students – particularly in accommodation. Run club was offered every Monday and numbers have been steady. Food hub, a TUSA food security initiative has been running Tuesdays 12-3pm Mondays. Promotion is needed for this to continue.
