**Narrative update:**

Hello everyone! Exams done! Halfway through 2026!! This month/last two months in our Southern Campuses has been awesome. At TUSA we've been working hard to get our vent tents up and running for Semester 2, keep an eye out on our socials for locations! As Southern Campus President, I've been sitting on committees at UTAS to work for the best outcomes for students, these include the sustainability and the gender-based violence committees as well as sitting on the geospatial course advisory council looking to get the best for students studying geospatial science. I attended the grounded launch as well as interviewing for our manager JJ, who has been awesome in taking on his new role. Your feedback from vent tents has been directly given back to Staff in Sandy Bay and action, on items such as parking is already underway. I am continuing to work on prayer spaces in Sandy Bay and the forest.
