Narrative update and key actions for the next month:

Hiya Team, and any stalkers reading this (as you are totally entitled to)!

The break and time away from these monthly meetings due to exams has been lovely, but the end of the year is fast approaching now. Jeepers creepers there's a lot to do in the next four months.

Plenty of key items to pay attention to for the next few months.

1. Students as Partners.

- Locking in our agreed minimum standard thresholds for each 'level' of partnership;
- Developing a 'vision document' to strategically map where we want to get to by 2035;
- Auditing the University, as well as its Policy Framework, from a TUSA perspective of how Partnership as so defined exists;
- Handing over to next year's Student Council and incoming Academic Club SaP Executive Oversight Group leaders.

Additionally, we will be continuing conversations with University Council about their make-up and constitution regarding student representation.

2. Food Security and Hobart City

- I'm continuing to push for and support efforts to ensure sustainable funding for the TUSA Food Hub;
- Supporting the next steps in a smooth transition into McCann's and Grounded.

3. Connectivity with Students on the Ground

- I'm keen to keep helping you all to run AS MANY Vent Tents, Roundtables, Socials Posts, and ways to formally connect with Clubs and Students on the ground as possible. We NEED to keep more Excell data on Vents, to be able to contribute to a formal Complaints Report that we will submit to UTAS Senate (specifically to the DVC-A, DVC-R, and DVC-SSO) before the final Senate Meeting this year.

To all students (and to staff, and community, and media), I'm happy to share any more details etc, or to chat anytime, please always feel welcome.

Ciao for now!

Yours,

JOP
